Anti-glare Film

Our anti-glare and heat reduction film manifestation is the ideal solution to beat the summer sun. Applied directly to your window glazing anti-glare film is designed to reflect sunlight and reduce glare and heat.

Benefits:

- » Reduces sun glare by 82%
- » Reduces solar heat gain by up to 72%
- » Blocks 99.999% of harmful ultraviolet light
- » Saves hundreds, even thousands, on utility bills
- » Anti-shatter bomb blast capacity

Extensive experience:

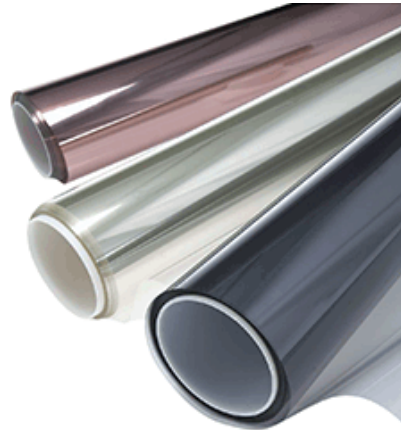

- » Offices and Hotels
- » Prestigious Government Buildings
- » Banks and High Security Areas
- » Embassies and Consulates
- » Schools and Universities

Solar film technical details:

- » Gauge 50 microns
- » Tensile strength 2,100 kg/cm²
- » Melting point 260–265°C

Quality and guarantee:

We offer a 10 year guarantee on window film materials and installation. We can fit any film within 14 days of order and guarantee a prompt, professional, and tidy service. All products supplied by Grosvenor Contacts are designed to be fit for purpose or over spec'd.

Bomb Film (ASF)

95% of all explosion injuries are caused by flying glass

When a bomb explodes outside a building it isn't the explosion that kills people, it's the shards of glass from windows that cause fatal damage. Bomb blast film, or anti-shatter film, is designed to keep those shards of glass intact after an explosion, keeping the people inside safe.

Benefits:

- » Protection from shattered glass during nearby bomb explosion
- » Important health and safety measure for government and commercial buildings
- » Completely clear and colourless
- » Blocks 99.999% of harmful ultraviolet light

Bomb blast film technical details:

- » Gauge 350 micron
- » Peel strength 985 g/cm
- » Tensile strength 2,110 kg/cm²
- » Break strength 75 kg/cm
- » ASTM D4830 puncture test 104 kg

Extensive experience:

- » Offices and Hotels
- » Prestigious Government Buildings
- » Banks and High Security Areas
- » Embassies and Consulates
- » Schools and Universities

Quality and guarantee:

We offer a 10 year guarantee on window film materials and installation. We can fit any film within 14 days of order and guarantee a prompt, professional, and tidy service. All products supplied by Grosvenor Contacts are designed to be fit for purpose or over spec'd.

For added security see:

Energy Film

Our energy film manifestations are ideal for reducing summer heat. Applied directly to your window glazing these films are designed to reflect heat to your advantage, keeping the heat outside in the summer and inside during the winter, making cool savings on your heating and electric bills.

Benefits:

- » Reduce solar heat gain by up to 55%
- » Maintain visible light transmittance of 72%
- » Block 99.999% of harmful ultraviolet light protecting furniture, pets and people
- » Anti-shatter bomb blast capability
- » Save hundreds, even thousands, on utility bills
- » Reflects only as much light as a normal window

Energy film technical details:

- » Gauge 75 microns
- » Tensile strength 2,100 kg/cm²
- » Melting point 260–265°C

Extensive experience:

- » Offices and Hotels
- » Prestigious Government Buildings
- » Banks and High Security Areas
- » Embassies and Consulates
- » Schools and Universities

Quality and guarantee:

We offer a 10 year guarantee on window film materials and installation. We can fit any film within 14 days of order and guarantee a prompt, professional, and tidy service. All products supplied are designed to be fit for purpose.

Frosted Film

Our frosted window film manifestations are a favourite of both corporate FM groups and healthcare facilities and estates managers. Whether it's a corporate logo design on your board room window or frosted film for patient privacy and dignity on the ward, we can fit it.

Benefits:

- » Graphic designs for manifestations can be made bespoke or based on your existing art
- » Excellent and elaborate décor
- » Important health and safety solution measure for large glass panels in any setting
- » Frosted finish reduces visibility in clinical areas for patient privacy and dignity whilst letting light through
- » Blocks 99.999% of harmful ultraviolet light
- » Anti-shatter bomb blast capacity available

Energy film technical details:

- » Gauge 150 microns
- » Tensile strength 2,100 kg/cm²
- » Melting point 260–265°C

Extensive experience:

- » Offices and Hotels
- » Prestigious Government Buildings
- » Banks and High Security Areas
- » Embassies and Consulates
- » Schools and Universities

Quality and guarantee:

We offer a 10 year guarantee on window film materials and installation. We can fit any film within 14 days of order and guarantee a prompt, professional, and tidy service.

All products supplied by Grosvenor Contracts are designed to be fit for purpose or over specified.

Best Value

Best value isn't just the cheapest initial price, it's the lowest cost over the 'whole life' of the product plus performance quality. We guarantee to always challenge your current supplier whilst also offering best value. When thinking about best value it's worth considering the following:

Quality:

How long will it last?

How well made is it made?

How will it perform?

Grosvenor Contracts, always delivering best value

Costs can vary due to extent or location, we offer our customers competitive, bespoke pricing and always aim to challenge your current supplier. All products supplied by Grosvenor Contracts are designed to be fit for purpose for commercial use.

Service:

How easy was it to make the purchase?

Is it guaranteed?

Is maintenance part of the deal?

We're not afraid to involve the client during the project and always insist on a client sign-off before considering the project complete. Our management systems are ISO14001 & 9001 certified and we apply a four-point quality check on all our work.

Delivery:

Was it delivered on time?

Was it a quality installation?

Small enough to care but big enough to deliver

We offer 24 hour email contact and phone contact between 7.30am and 6.30pm. As standard our lead times are fast, but we recognise that a rush service may sometimes be required – Grosvenor Contracts will always rise to the challenge.

Price:

How much did you pay?

For example:

You have a choice of two products. A is half the price of B, but B will last four times as long.

A is initially cheaper, but over its whole lifetime B will cost less.

So paying the cheapest price doesn't mean you're getting the best value.

Our prices may not be the cheapest, but when you add quality, service and delivery in to the equation we know we're delivering best value.

Testimonials

"I wanted to tell you what a pleasure it is to work with Grosvenor Contracts. Your responsiveness, customer service and quality of work are beyond industry norms and even my expectations. It's a pleasure to work with a firm which not only understands customer requests, but also adds value through innovation and ideas. We are delighted to have Grosvenor Contracts as the supplier for disposable curtains and blinds."

Facilities Manager, Ashford and St. Peter's NHS Trust

"Grosvenor Contracts provide excellent products, expertly fitted to our requirements, with exceptional on-going service and support."

Facilities Supervisor, South Devon NHS Foundation Trust

"As a company that runs a 24/7 facility we require clean linen and scrubs available at all times. Grosvenor are without doubt the best provider for our needs. They always go the extra mile. The staff at Grosvenor will always help to fulfil any extra requests or needs we might have. The quality of service is fantastic. The scrubs and linen provided are of great quality. I would recommend Grosvenor to anyone."

Hotel Services Manager, Retroscreen

"Communication was good throughout and the cleaning schedule was flexible enough to fit our needs. Blinds came back perfectly clean, and the asset register has been incredibly useful."

Buildings and Estates Department Administrator, Royal College of Art

"As a Facilities Manager I have worked with Grosvenor for over 12 years, during that time I have always maintained a good working relationship with them. Grosvenor have installed blinds for two large Academies I have been responsible for and they still maintain both of them. Grosvenor are helpful without being pushy, responsive to requests and offer excellent service with very high standards of workmanship. Their products are of very good quality, robust and fitting for an environment where our users do not always treat their products with the respect they deserve. We have regular site surveys, wear and tear is always discovered early so that effective repairs can be made so that our blinds always remain in a presentable condition. Their administration and office staff are efficient, good communicators and pro-active, they keep you in the picture and invariably are ahead of the game. A company well worth recommending!"

Facilities Manager, The Charter School

"Grosvenor Contracts have been providing a service to our trust supplying blinds, disposable curtains and window filming since March 2009. Their operations team have always delivered an efficient service and their skilled and experienced fitters conduct their work with great efficiency and professionalism."

Estates Manager, Hillingdon Hospital NHS Trust
